ABF CONFERENCE

STRATEGIES FOR BUILDING MIDSIZE GROUPS

OH

THINK MIDSIZE!

NOVEMBER 14-15 CINCINNATI

★ What is an ABF Conference?

ABF (Adult Bible Fellowship) is not just a philosophy of ministry—it's a proven strategy for the growth of midsize groups (15-60 people) being used by churches all over the world.

The 2008 ABF Conference "Think Midsize!" is aimed at celebrating all midsize groups and bringing together church leaders and Pastors from across the United States. Whether your church calls it a Cluster, Sunday School, or House Church—you'll leave equipped with powerful strategies, formed relationships, valuable knowledge and leadership skills that help propel your midsize groups forward.

★ Who Should Attend?

We encourage anyone or any team in a leadership role to attend this valuable and insightful conference. Come prepared to dig deep into midsize group strategies with over 30 advanced training and basic sessions designed to help you develop your clear plan for implementing or growing your midsize ministry.
