

Names for individual ABFs/Midsize Groups - February 06

Every midsize group is encouraged to have a name that builds a group identity and that can encourage a "group spirit." Groups that are identified by their teacher's name or an age range or some other generic lingo such as "Adult I" (Southern Baptist tradition) are missing an opportunity.

Some groups have names, but they no longer reflect where the group is at so they need to consider a name change. Below is a list of names that I have collected through the years. Feel free to send me a name not on the list and I will add it!
